Waterfed Pole Cleaning

One System - Total Flexibility

With the Unger HiFlo MultiLink Gooseneck System, HiFlo brushes can be attached to any HiFlo pole at the perfect working angle and at the distance you need for total flexibility.

www.ungerglobal.com/purewater

HiFlo Brushes

Choose from our range of HiFlo brushes featuring natural, flagged or monofilament bristles, designed to make your cleaning tasks quicker and easier.

HiFlo MultiLink Gooseneck System

Connects any HiFlo pole with any HiFlo brush so nearly every working angle or distance can be achieved. Various combinations perfectly adjust your HiFlo pole to your individual work requirements. Brushes can be turned and fixed in any position through 360°.

HiFlo Pole Systems

Three pole systems to choose from offer up to 65-foot reach. Fiberglass or carbon fiber, telescopic or modular, our wide range offers the perfect pole to suit your requirements.

HiFlo™ Advance

HiFlo™ CarbonTec Telescopic

HiFlo™ CarbonTec

HiFlo MultiLink CarbonTec Adapter

This connects the HiFlo CarbonTec pole to the MultiLink Goosenecks.

Waterfed Pole Cleaning MultiLink

Quality Tools for Smart Cleaning™

MultiLink Gooseneck System

- The CarbonTec Adapter brings HiFlo™ CarbonTec to the standard thread diameter so that all MultiLink Goosenecks and HiFlo Brushes are compatible.
- Two MultiLink Goosenecks are available in short- or long-reach versions.
- MultiLink Extension can be combined with Goosenecks to extend the reach.
- The HiFlo™ MultiLink Cone Adapter allows the attachment of the ErgoTec® Locking Cone and a multitude of classic cleaning tools, such as squeegees, washers and scrapers.
- All MultiLink adapters are made of robust hard anodized aluminum.
- The adjustable collar can be locked at any point through 360° creating numerous angles for hard-to-reach areas.

HiFlo™ MULTI LINK GOOSENECK

Aluminum angle adapter.

- **Strong:** Hard anodized aluminum, secure connection.
- **Convenient:** Brush can be locked in any position through 360° creating the perfect working angle.
- **Compatible:** Add 2 or more together to create your perfect angle.

HiFlo™ CARBONTEC TELESCOPIC POLE PATENTED

NEW!

The Professional Telescopic Pole

Flexible and long carbon fiber telescopic poles which can reach up to 65'. Comes complete with Hoselock Connector, Internal Hose & Aluminum Adapter. Ready to use with the new MultiLink Gooseneck System.

Numerous Advantages:

- Safely clean up to 65' high, without ladders, from the ground.
- Significant time savings: no setup times for ladders or lift trucks.
- Quick access to hard to reach areas.
- Easily adjustable clamp system.
- Twice as fast as conventional glass cleaning.
- Saves money: lower rental and personnel costs.
- More efficiency in less time.
- Image improvement – modern presentation to the client, convincing results and a better price.

Top Features:

- Pole sections made of strong and sturdy carbon material. Optimum stiffness.
- Robust and easy to operate clamp connections – quick adjustment of height.
- Internal ErgoLite hose, including standard hoselock connector. 13' of extra hose when pole is fully extended.
- Ideal for high and narrow buildings.

HiFlo™ CARBONTEC TELESCOPIC POLE PATENTED

Flexible, long carbon fiber telescopic poles that reach up to 65'.

- Comes complete with Hoselock Connector, Internal Hose and Aluminum Adapter.
- Ready to use with the new MultiLink Gooseneck System.
- Brushes sold separately.
- Stiff and robust.
- Significant time savings: no setup times for ladders or lift trucks.
