

**NEW &
 IMPROVED**

EZ-Glider™

We have set the new standard for carpet cleaning with our high performance EZ-Glider™ wands. Built from durable stainless steel, the EZ-Glider™ gives you the high quality that you've come to expect from a cleaning wand. Available with a 10" or 12" cleaning path, the EZ-Glider's™ unique design allows for effortless "snag-free" cleaning. Rated to over 3,000 PSI, the EZ-Glider™ provides you with unmatched performance, in a light-weight and ergonomic model that's constructed right here at our California plant. Don't waste time and money on inferior wands that can't withstand the wear-and-tear of daily use. You deserve a quality wand that works as hard as you do. Add an EZ-Glider™ wand to your carpet cleaning arsenal.

Mytee Hot-Turbo™

Turn up the heat.

Do you have a cold water extractor, but need the cleaning power of hot water? With our innovative portable heater, any cold water extractor (max 500 PSI) can be turned into a heated extractor in just minutes. Adding hot water to the cleaning equation allows you to blast away dirt and set-in stains with ease. Compact and light-weight, with adjustable heaters that produce up to 210° max heat, the Mytee Hot-Turbo™ is the perfect addition to any cold water extractor. Add a Mytee Hot-Turbo™ to your extractor, and take your cleaning capabilities to the next level.
