- Metal Interlocked Acrylic Thermoplastic Chemistry – High Durability and Gloss
- Multipurpose – Use on Most Resilient Flooring, Terrazzo, and More
- Easy to Use – Self Leveling, Self Sealing, Spray Buffable, and Restorable
- Covers Up to 3000 Sq. Ft. Per Gallon; Apply 2-4 Coats

#### Description

OPTIMAX is a specially developed, fully integrated, floor maintenance product line utilizing the latest chemical and polymer technologies. OPTIMAX products incorporate a state-of-the-art optical brightener system designed to provide the highest performance available for each product type. OPTIMAX actually enhances the appearance of the floor to the human eye by absorbing UV light and emitting it as brighter, whiter, blue light. Versatile enough for use with most application machines and floor care accessories, each product is an exceptional value for your floor care dollar. They truly are real labor savers regardless of your floor finish type or existing procedures! In addition, OPTIMAX products provide these leading edge capabilities as part of one of the easiest systems to understand and implement. OPTIMAX is **the** choice for simplicity and excellence in floor care for the discerning maintenance professional.
