Multiwash MW340P Carpet Encapsulation & Multisurface Machine

Applications:

- Retail Stores
- Restaurants/Kitchens
- Hospitals
- Residential Carpets
- Hotels/Resorts
- Clubs/Spas
- Museums/Libraries
- Schools/Offices

Features and Benefits:

- Lifts soil from virtually every type of floor surface
- Leaves floors ready to walk on in minutes.
- Pump sprayer applies a fine mist of detergent ahead of brushes, cutting down on cleaning detergent & water use
- Low moisture leaves floors ready to walk on in minutes
- Maneuverable, no heavy pushing, pulling or lifting
- Easy-to-remove tanks for fast emptying & refilling
- Quiet operation - 68 dB(A)
- Complete range of scrubbing and side brushes available

Cimex MW340P Multiwash is equally at home on residential or commercial carpets, and smooth or uneven hard floors. With its complete range of twin brushes and attachments, multiwash can mop, scrub, wash, and dry anywhere, anytime. Its 50lb. weight and excellent maneuverability enable Multiwash to be used on upper floors and in small awkward areas. Combine all this with a wall-to-wall low-moisture cleaning capability that reaches all the way into tightest corners, and you have a universally useful cleaning machine.

Multiwash has 3 different brush options for carpets, hard floors, and general scrubbing. A side brush is also available for cleaning along walls and into corners.
