

Predator CXH & CXC

Hot & Cold Water Carpet Spotter

The Predator CX Spotter is the most versatile, maneuverable, and rugged carpet spotter on the market today. It is the ideal machine for interim cleaning of small problem extraction areas. The Predator CX Spotter, available in cold or hot water models, can be used on all carpets, including stairs; for upholstery and car detailing; and in any hard-to-reach area.

- Large tanks (2.5-gallons for both solution and recovery) keep the Predator CX Spotter on the job longer between tank emptying and filling, improving job productivity.
- With the heated CXH model, hot, high-pressure solution is literally blasted deep into the carpet nap, and then immediately extracted for the ultimate in restorative carpet cleaning.
- Built-in handle and four swivel casters make transportation from spot to spot a snap.
- Rugged, rotomolded polyethylene body will not dent, rust, crack, or corrode.

DO NO HARM™

Cleaning with hot water is substantially better than cleaning with cold. The heated model (CXH) allows better cleaning while using less or even no chemicals.

Integrated transport handle and casters make it easy to move this spotter from job to job.
