

Clothesline **FRESH**™

3

Laundry Detergent

Clothesline Fresh Laundry Detergent is a contemporary approach to laundry. Clothesline Fresh Laundry Detergent can be used with a complete laundry program or on its own. This product was formulated to contain new advances in chemical surfactants and cleaning technology to provide a deep cleaning formula. If water hardness is greater than 250 ppm, an increase of the recommended dosage may be required.

NON-STAINING COLOR:

Clothesline Fresh Laundry Detergent is bold blue in color for easy identification. There is no need to worry about the blue dye attaching to your fabrics. Clothesline Fresh Laundry Detergent contains a water soluble polymer which attaches to the dye to keep it in the water and not on your fabrics. Clothesline Fresh Laundry Detergent was put through rigorous third-party testing to ensure the dye will not stain.

ADAPTABLE LAUNDRY PROGRAM:

Clothesline Fresh Laundry Detergent works great when used as part of a total laundry program. For superior soil removal and fabric care, combine Clothesline Fresh Laundry Detergent with Clothesline Fresh Break, Bleach, Fabric Softener and Sour. Clothesline Fresh Laundry Detergent can be used in either top or front loading machines.

CONTEMPORARY CLEANING TECHNOLOGY:

Clothesline Fresh Laundry Detergent is enhanced by patented polymeric technology. This technology quickly suspends tough oily and particulate soils to prevent them from redepositing back onto the fabric. Spartan's laundry technology also allows the cleaning surfactants to quickly dissolve in the wash water permitting quicker, more effective cleaning in all temperatures.

COLOR AND NUMBER SYSTEM:

Each Clothesline Fresh Laundry product has been color coded and number coded for easy product identification. All product information and literature, plus, each product label, carton and secondary label reflects this color and number, making training easier and faster.

HIGHLY CONCENTRATED:

Clothesline Fresh Laundry Detergent is a highly concentrated formulation allowing for superior cleaning even when diluted down to 1:512 (1/4 oz./ gal.).

DIRECTIONS FOR USE:

DO NOT MIX WITH OTHER CHEMICALS.

1. Sort laundry by color and fabric type.
2. Always read and follow care directions.
3. From care directions, choose proper wash cycle and water temperature.
4. Do not overload washer with soiled laundry.
5. Add Clothesline Fresh Laundry Detergent
 - a. Top load washers: Use 1/8 to 1/2 cup (1 to 4 oz.) depending on soil load.
 - b. Front load washers: Use 1/8 to 1/4 cup (1 to 2 oz.) depending on soil load.
- To remove really tough stains, presoak fabric with a solution of Clothesline Fresh Laundry Detergent before washing.
- For extremely soiled clothing, an extra wash cycle may also be necessary.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.

SPECIFICATIONS:

- pH – 8.0 - 9.0
- Color – Deep Blue
- Stability -
 - a. Shelf – One year minimum @ 24°C/75°F
 - b. Accelerated – 30 days minimum @ 49°C/120°F
 - c. Freeze/Thaw – Can withstand three freeze/thaw cycles
- Phosphate free
- Nonylphenol ethoxylate free
- EDTA free
- Biodegradable surfactants
