

Product Technical Sheet

SSS STAINLESS STEEL CLEANER

Description: This product is a water-based formula used for cleaning and polishing stainless steel, chrome, formica, copper, aluminum, brass, and other hard surfaces. It is a water-in-oil emulsion, where the oil surrounds the water and contacts the surface to be cleaned first. This allows the product to act like a solvent (oil based) system while not having it's oiliness or flammability. This product is ideally suited for use in food preparation areas, where the odor of mineral spirits and aromatic solvents would be objectionable. This pleasantly fragranced product cuts through grease and oil while leaving a protective shine.

Directions: Shake well before using. Spray sparingly over surface. Wipe clean with a dry cloth, turning often. For heavy deposits, allow foam to remain up to a minute before wiping. Polish to a high shine with a different CLEAN dry cloth.

DANGER: Contains petroleum distillates. Harmful or fatal if swallowed. If swallowed do not induce vomiting. Call a physician immediately. Vapor harmful. Use with adequate ventilation. Avoid prolonged or repeated breathing of vapors. If overcome by fumes, remove victim to fresh air. Resuscitate if necessary. Get medical attention. Contents under pressure. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F. Do not spray in eyes. If sprayed in eyes flush with plenty of water. If irritation persists get medical attention. KEEP OUT OF REACH OF CHILDREN.

Spill Or Leakage Procedures: Do not flush to sewer. Absorb with suitable material and dispose of according to local, state and federal regulations. Aerosol cans when vented to atmospheric pressure through normal use, pose no disposal hazard.

Product Specifications:

Wt./20oz. can:	18 Ounces
USDA Category:	C1
Classification:	Aerosol Waterbased Stainless Steel Cleaner
General Appearance:	Creamy Foam
Color:	White
Odor:	Lemon
pH:	7.0 - 10.0
Vapor Pressure At 70°F:	60 psig
Spray Pattern:	Oval
Flammability:	Not flammable per CPSC Flame Projection Test
NFPA Code 30B:	Level 1
