Specifications are subject to change without notice.  
 Reference SSS LAV -24 Manual for warranty information.

The **SSS LAV-24 Large Area Vacuum** is designed for large carpeted areas. The 24" wide cleaning path quickly cleans open areas such as large meeting rooms, hallways, ballrooms, lobbies and terminals. The single 2-stage, 1.15 hp industrial motor creates a deep cleaning action across the full cleaning path. The five height adjustments make it easy to adjust to different types of carpeting. The LAV-24 has an onboard hand tool kit which provides the ability to clean from floor to ceiling with one machine. For large area vacuuming the SSS LAV-24 is your best choice.
