

# ELEVATE™ Skin Care Dispensing Systems

Simple | Effective | Dependable

*A New Level in Skin Care Dispensing*

# ELEVATE™: Easy to Service, Built to Last

You'll love the easy servicing, advanced formulations, and reliable performance built into the new ELEVATE skin care system. Combining smart design and robust construction, ELEVATE systems combine efficient, problem-free product delivery with refined spa-quality skin cleaners to create a higher standard in skin care dispensing.

With two *MANUAL* systems and two *TOUCHFREE* systems, there's an ELEVATE dispensing solution for every application.

## ELEVATE *MANUAL*

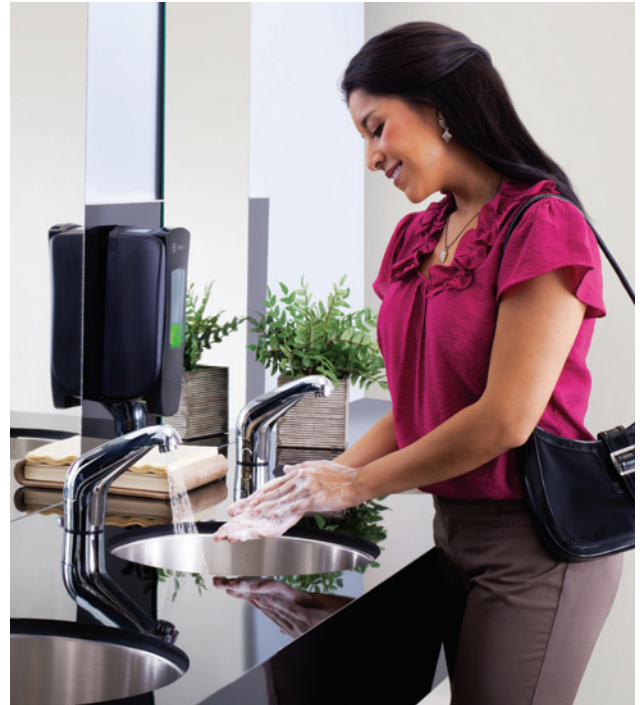

Simple, One-Touch Operation

*MANUAL Dispensers  
available in Gray or Black*

**1250 mL**  
**MANUAL SYSTEM**  
4.5" w x 11.75" h x 4" d

**700 mL**  
**MANUAL SYSTEM**  
3.75" w x 9.75" h x 3.5" d

Dependable one-touch dispensing plus advanced skin care formulations deliver the performance and options you need to reach your service and sanitation goals.

- *High-capacity 1200 mL model extends time between change-outs*
- *Smaller-footprint 700mL models fit easily into compact spaces*
- *Oversized sight windows for quick checking of fill status*
- *Colorful spa-quality formulations in see-through refill bottles*
- *Safety sealed refills with integrated precision pumps*

# ELEVATE™ Spa-Quality Foam Soaps

The ELEVATE family of skin care products features luxurious foam formulations enriched with moisturizers, natural extracts and skin conditioners. All formulations are mild, non-irritating and pH balanced. Whether you prefer vivid colors and spa-quality fragrances, or fragrance-free / dye-free options, there's an ELEVATE green-certified formulation to match your program goals.

## ELEVATE TOUCHFREE

For Maximum Hygiene

With a choice of compact 700 mL or efficient 1200 mL models, ELEVATE TOUCHFREE systems give you all the advantages of our MANUAL systems plus clean, ultra-hygienic motion-activated dispensing.

With Elevate TOUCHFREE systems, you can count on best-in-class performance. Quick, simple servicing. Eye-pleasing design. And rugged construction. Most important, you'll find dependable, automatic dispensing powered by the industry's most advanced energy technology:\*

- Optimizes energy use—less energy per actuation
- Prolongs battery life—batteries last for life of unit in most applications
- Batteries included and pre-installed
- Precise, repeatable dispensing—exactly the right amount every time

\*Patent pending

TOUCHFREE Dispensers available in Gray/White, Black/Chrome or Black

1200 mL  
TOUCHFREE SYSTEM  
5.75" w x 10.5" h x 4" d

700 mL  
TOUCHFREE SYSTEM  
5.75" w x 8.5" h x 4" d

## SUSTAINABILITY Profile

Compared to the leading previous-generation manual system, use of an ELEVATE Dispensing System will result in:

- 79% reduction in smog emissions
- 15% reduction in global warming gases
- 20% reduction in energy consumption

If a third of all US schools adopted the ELEVATE MANUAL:<sup>1</sup>

- Energy savings could heat 3,473 homes
- Carbon emission reduction would be equivalent to eliminating 5,518 cars

<sup>1</sup> Assuming 309,000 U.S. schools installing an average of 200 dispensers per school

## Smarter Design, Better Results

**1250 mL MANUAL DISPENSER**  
Available in Black or Gray

### Quick Installation

Fasten unit to wall in minutes using peel-back double sided tape included, or screws.

### Simple Maintenance

The large sight windows and clear refill bottles work together to allow at-a-glance checking of fill status.

### Built to Last

Rugged ELEVATE dispensers are made from impact-tested engineering-grade plastics.

### Easy to Use

With large-area, one-touch operation, ELEVATE dispensers are easy to use and ADA compliant.

### Easy-Open or Keyed Cabinet

Open cabinet using one of the dual side latches, or convert to a locking cabinet by removing the key inside. Change your mind anytime simply by replacing key.

**1200 mL TOUCHFREE DISPENSER**  
Available in Gray/White,  
Black/Chrome or Black

## ELEVATE Refill Technology

### Makes Servicing a Snap

### Safety-Sealed Refills

Sealed refills simply snap in place, saving labor time while eliminating contamination risks associated with open, messy bulk soap containers.

### Controlled-Flex Bottles

Refills are engineered to hold their shape as they empty, retaining a clean, neat appearance. Bottles are made from crystal clear, recyclable PET material providing 30% material savings compared to rigid HDPE.

### Precision Pumps

High-performance pump mechanism delivers exactly the right amount time after time. Pumps are easily removable for fast, convenient bottle recycling.
