Performance Features

Wide open accessibility for service. Hygienic, easy to clean recovery tanks. Easy access to batteries.

The center-pivot squeegee uses Aqua-Mizer Technology, creating a cleaning chamber that holds the solution so that it is used to the fullest effectiveness. Aqua-mizer helps you lower your water and chemical consumption, extending up to 50% greater coverage per tankful.

Solution dump hose rotates to the floor for easy, operator-free dumping.

Intuitive function control system with preset cleaning settings simplifies training and provides more consistent cleaning results.
